

## **Board Update**

Following the outbreak of Covid-19 the Board agreed that much of the work undertaken by the WSAB would be placed on hold, as the priority should be for stakeholders to deliver frontline services.

### **Frontline safeguarding services continue to operate across Worcestershire.**

Statutory WSAB partners are holding fortnightly meetings to ensure emergency plans address safeguarding risks and identify any issues emerging through this situation. They also regularly reviewing the role of the WSAB as things move forward.

During this situation, it was agreed that the WSAB newsletter would be sent out on a monthly basis. This is to ensure stakeholders are kept up to date with Covid-19 information. It will also help to avoid overwhelming people with other information which could get lost in their mailbox's.

The WSAB business team have set up a separate Covid-19 page in the News section of the Website. This page will be regularly updated and will include details of any Covid-19 specific guidance; alongside advice and resources to address any emerging safeguarding issues arising through this situation. A link to the page can be found here:
