## Board Business

The WSAB held its quarterly Board meeting in December. Alongside the standing items on the progress of the Sub-group business plans and quarterly updates there was an update from all partners on the impact of Covid 19. Other discussion items included:

\*Undertaking a review of the self-neglect policy following recommendations from a number of SARs, including the thematic SAR on Rough Sleepers.

\*An update on work being undertaken to develop exploitation services for adults.

Understandably, the Learning Event planned in December was postponed, due to the pressures surrounding Residential and Domiciliary Care providers. A new date in March will be announced in due course.
